

FULLY AUTOMATED VAT RECLAIM FOR BUSINESS.

One Click To Claim

As Simple As That.

Patented artificial intelligence technology maximizes operational speed & efficiency, resulting in up to 30% more in reclaimed VAT.

The VAT Market Today

Companies now spend an average of 5% of their total annual budget on travel, with 4-10% of their spending eligible to be reclaimed through VAT.

More than **\$20 billion** of foreign VAT is left unclaimed by companies each year. Overworked accounting departments, misplaced invoices, complicated processes and global unawareness...all of these contribute to lost VAT-related revenues and inefficiencies for companies today.

WAY2VAT provides a fully automated end to end VAT reclaim solution. Our patented and revolutionary artificial intelligence technology and **"AIA" (Automated Invoice Analyzer)** capabilities enable automated VAT report generation, submission and recovery, resulting in simple hassle free VAT reclaims for your business!

Our VAT reclaim solution simply connects via an API to your existing expense management system.

AI VAT Reclaim Technology

Our solution connects via an API to your existing expense management system, analyzes recoverable VAT, and automates the reclaim process with a seamless submission to the tax authorities, generating hassle free VAT returns to your company.

Fully compliant with GDPR, the system has unique capabilities for fraud detection and anomaly alerts on top of VAT "claim-ability" detection and VAT risk analysis.

Our revolutionary VAT solution provides:

- Full transparency
- A detailed breakdown of claims
- The ability to identify missed VAT opportunities
- Enhanced tax savings
- Lower compliance risk
- Full imaging and electronic document storage
